

Performance Profile Sheet (Page 1 of 2)

NCCER Training

Craft: Pipeline Operations Level 2
 Module: CT65_1-17
 Module Title: Start-Up of a Gas Pipeline

Trainee Name:

Training Program
 Sponsor:

Instructor:

Rating Levels: (1) Passed: performed task (2) Failed: did not perform task
 Also, list the date the testing for each task was completed.

Recognition: When testing for the NCCER Training Program, be sure to record Performance testing results on the Registration of Training Modules form, and submit the results to the Training Program Sponsor.

OBJECTIVE	TASK	RATING	DATE	START TIME	END TIME
1	Demonstrate how to start up a pipeline (CT65_1-17).				
	Identify potential abnormal operating conditions (AOCs) that may occur during performance of this CT, and know the appropriate actions to take in response to them.				
	Utilize the appropriate personal protective equipment (PPE) according to relevant company procedures.				
	Verify that the flows, pressures, and product characteristics are within normal range.				
	Ensure that upstream and downstream stations are prepared to bring the pipeline up before beginning the start-up procedure.				

Craft: Pipeline Operations Level 2

Module: CT65_1-17

Module Title: Start-Up of a Gas Pipeline

OBJECTIVE	TASK	RATING	DATE	START TIME	END TIME
	Units shall be activated (started up) beginning at the origination point and proceeding downstream to the delivery point. Units at downstream stations are to be activated upon arrival of a pressure rise from the upstream station.				
	Complete appropriate documentation as required by operator's procedures.
