

# NCCER'S TESTING SYSTEM

**NCCER's Testing System saves you 87 percent in time and program management cost. This online system maximizes instructor effectiveness and reduces paperwork.**

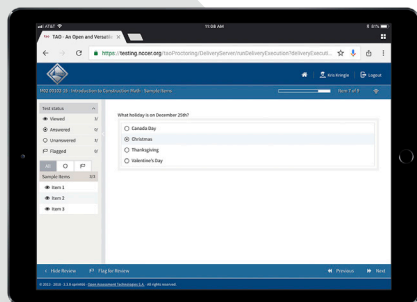

## FEATURES

- Conforms to multiple devices.
- Operates on all major browsers.
- Creates, launches and scores module tests online.
- Shows test results immediately and provides printable score reports.
- Eliminates need for required paper record storage.
- Uses single sign-on with and automatically submits to the NCCER Registry System.

## BENEFITS

- Easy to use — no prior computer knowledge is needed and free sample tests are available to help train and reduce test anxiety.
- Assess instructor effectiveness — real-time data of test scores and pass/fail rates.
- Higher security — reduced exposure and liability with no need for paper record keeping.
- Less administrative work — testing completed online and automatically reports to the Registry System.

“NCCER’s Testing System has been a gamechanger here at ABC Pelican. The system not only reduces administrative work associated with paper module testing, but it elevates the level of training offered because each module exam is different. Our instructors have said that it has totally changed their classroom dynamics and they are seeing better quality students due to the change from paper tests to online tests.”
