**Performance Profile Sheet (Page 1 of 1)**

**Craft:** Carpentry  
**Module:** 27304  
**Module Title:** Reinforcing Concrete

**TRAINEE NAME:**  

**TRAINING PROGRAM SPONSOR:**  

---

**INSTRUCTOR:**  

**Rating Levels:**  
(1) Passed: performed task  
(2) Failed: did not perform task

Also, list the date for testing for each task was completed.

**Recognition:**  
When testing for the NCCER Training Program, be sure to record Performance testing results on Training Report Form 200, and submit the results to the Training Program Sponsor.

**Certified Plus Credential:**  
Trainee who successfully complete these performance tasks may be eligible for a Certified Plus Credential. Refer to the Note on Performance Testing of this Performance Profile for eligibility requirements, or contact NCCER for more information.

Module Six, 27406 has no Performance Profile Sheet; no performance testing is required for this module.
NOTE ON PERFORMANCE TESTING

Performance Profile Sheet(s) are included in a format that can be easily photocopied for each trainee. This examination is designed to measure competency in the tasks taught in each module.

Please note the number of tasks to be tested while teaching each module. Each trainee should be tested on all the tasks listed on the Performance Profile Sheet(s). Before performance testing, the instructor should brief the trainees on:

- Test objectives and criteria
- Safety precautions
- Procedures for each task to be tested

The instructor administering the performance testing should also do the following:

- Ensure that all of the needed equipment is available and operating properly.
- Set up the testing stations.
- Organize and administer the test in a way that allows for optimal performance.
- Complete the Performance Profile Sheet(s) for each trainee by assigning a pass/fail score for each listed task. Also, include the testing date, and start and end times for each task in the rating boxes.
- Monitor adherence to all safety regulations and precautions.
- Provide adequate supervision to prevent injuries.
- Take immediate and effective action to remedy any emergency.

Performance Testing

If Performance Testing is done as part of NCCER's Training Program, the following conditions must be met:

1. The Craft Instructor must hold valid NCCER instructor certification.
2. The training must be delivered through an Accredited Training Sponsor recognized by NCCER.
3. The specific performance testing must be completed successfully.
4. The results of the testing must be recorded on Training Report Form 200. This form must be provided to the local Accredited Training Sponsor to be forwarded to NCCER's Registry Department.
TRAINEE NAME: ____________________________________________________________________

TRAINING PROGRAM SPONSOR: ______________________________________________________

____________________________________________________________________________________________

INSTRUCTOR: ______________________________________________________________________________

Rating Levels:  
(1) Passed: performed task  
(2) Failed: did not perform task  

Be sure to list the date the testing for each task was completed.
