Module 02301 has no Performance Profile Sheet; no performance testing is required for this module.
Craft: Plumbing Level Three  
Module: Module Two, 02312  
Module Title: Sizing and Protecting the Water Supply System

TRAINEE NAME:  

TRAINING PROGRAM SPONSOR:  

INSTRUCTOR:  

Rating Levels:  
(1) Passed: performed task  
(2) Failed: did not perform task  
Also, list the date for testing for each task was completed.

Recognition:  
When testing for the NCCER Training Program, be sure to record Performance testing results on Training Report Form 200, and submit the results to the Training Program Sponsor.

Certified Plus Credential:  
Trainee who successfully complete these performance tasks may be eligible for a Certified Plus Credential. Refer to the Note on Performance Testing of this Performance Profile for eligibility requirements, or contact NCCER for more information.

## Performance Profile Sheet

**Craft:** Plumbing Level Three  
**Module:** Module Five, 02306  
**Module Title:** Sizing DWV and Storm Systems

### TRAINEE NAME:__  
### TRAINING PROGRAM SPONSOR:__

### INSTRUCTOR:__

### Rating Levels:  
(1) Passed: performed task  
(2) Failed: did not perform task

Also, list the date for testing for each task was completed.

### Recognition:  
When testing for the NCCER Training Program, be sure to record Performance testing results on Training Report Form 200, and submit the results to the Training Program Sponsor.

### Certified Plus Credential:  
Trainee who successfully complete these performance tasks may be eligible for a Certified Plus Credential. Refer to the Note on Performance Testing of this Performance Profile for eligibility requirements, or contact NCCER for more information.

### OBJECTIVE | TASK | RATING | DATE | START TIME | END TIME
---|---|---|---|---|---
1 | Calculate drainage fixture units for a plumbing system. | | | |
1 | Size branch lines for plumbing fixtures. | | | |
1 | Size waste stacks. | | | |
1 | Size building drains and sewers. | | | |
1 | Size vents according to local code. | | | |
2 | Determine annual rainfall and 10-, 25-, 50-, and 100-year averages per your local code. | | | |
2 | Calculate the surface area of a roof for storm-system sizing. | | | |
2 | Size conventional roof drainage systems for storm-water removal. | | | |
