Performance Profile Sheet

Craft: Power Line Worker: Transmission Level Two, 1st Ed.

Module: 81201-11

Module Title: Transmission Structure Rigging

TRAINEE NAME: _____

TRAINING PROGRAM SPONSOR: _____

INSTRUCTOR: _____

Rating Levels:

(P) Passed: performed task

(F) Failed: did not perform task

Be sure to list the date the testing for each task was completed.

Recognition:

When testing for the NCCER Training Program, record performance testing results and submit completion dates through NCCER's online Testing System.

OBJECTIVE	TASK	RATING	DATE	START TIME	END TIME
4	Demonstrate the determination of a load's weight and center of gravity.				
5	Demonstrate the selection of an appropriate lifting device for a particular load.				
6	Demonstrate hand signaling requirements for a blind lift.				

Please make sure that both the Candidate/Trainee and Performance Evaluator sign and date this form on the signature lines to follow.

Signatures:

I understand and acknowledge that, by my signature below, I am confirming that I personally performed all tasks listed on this Performance Profile in the presence of the above-named Performance Evaluator. I understand that any and/or all of my NCCER credentials/certifications may be subject to revocation if it is subsequently determined that this Performance Profile was not delivered in accordance with NCCER Guidelines.

Candidate/Trainee: _____ Date: _____

I understand and acknowledge that, by my signature below, I am confirming that I personally observed the above-named trainee successfully complete all the tasks listed on this Performance Profile in accordance with applicable policies and procedures set forth in the current edition of the NCCER Accreditation Guidelines and Program Compliance (“NCCER Guidelines”). I understand that any and/or all of my NCCER credentials/certifications may be subject to revocation if it is subsequently determined that this Performance Profile was not delivered in accordance with NCCER Guidelines.

Performance Evaluator: _____ Date: _____

OBJECTIVE	TASK	RATING	DATE	START TIME	END TIME
3	Install temporary grounding to create an equal potential zone (EPZ).				
4	Prepare a tower for conductors by installing:				
	• Insulators				
	• Yoke plates				
	• Stringing blocks				
	• Pilot line				
	• Pulling cable				
5	Use Kellems grips and double Kellems grips to install:				
	• Phase conductors				
	• Overhead shield conductors and optical ground wire				
6	Operate single- and multiple-conductor pulling and tensioning machines.				
7	Splice conductors using compression sleeves.				
8	Identify and install different types of connectors including:				
	• Compression				
	• AMPACT™				
9	Sag an installed conductor using:				

OBJECTIVE	TASK	RATING	DATE	START TIME	END TIME
	• Sag scope or transit				
	• Dynamometer				
	• Return wave timing				
10	Complete the installation of a conductor by:				
	• Dead-ending the conductor				
	• Clipping-in the conductor and removing stringing block				
	• Installing dampers and spacers				
	• nstalling warning lights and day markers
