**National Craft Assessment and Certification Program**

**Performance Verification Overview**

# Heavy Equipment Operator: Loader
# PEN22LOADER02

**Focus Statement**

A loader operator masters all concepts and procedures involvedin the operation of loaders. This includes basic daily preventivemaintenance, safety checking, and control of the machine. He/she identifies attachments and uses the loader to perform the appropriate work related tasks.

**Performance Verification Task Reference:**

| Module Number | Module Name |
|---|---|
| 22205-12 | Loaders |
| | |
| | |
| | |

| | |
| | |

**Time Required:** 7 hrs

**Materials/Equipment**

All materials and equipment will be provided during the performance verification, unless otherwise specified by the testing center.

**Study Material**

All NCCER performance verifications are referenced to the NCCER curriculum listed in the content. You may order modules from Pearson (800.922.0579) or from NCCER's Online Catalog at www.nccer.org.

**Development**

All performance verifications have been developed and approved by subject matter experts from the respective craft.

**Credentials**

NCCER will send appropriate credentials to the assessment center upon successful completion of the performance

**Certified Plus**

A Certified Plus Designation may be achieved using this performance verification.

**National Registry**

Assessment and performance verification results will be maintained in NCCER’s National Registry and become a part of each
candidate’s training records. These records are stored and become a portable record of the candidate’s training and
