

**National Craft Assessment and Certification Program
Performance Verification Overview**

**Heavy Equipment Operator: Off-Road Dump Truck
PEN22DUMPTR02**

Focus Statement

An off-road dump truck operator masters all concepts and procedures involved in the operation of off-road dump trucks. This includes basic daily preventive maintenance, safety checking, and control of the machine. He/she uses the off-road dump trucks to perform the appropriate work related tasks.

Performance Verification Task Reference:

Module Number	Module Name
22310-14	Off-Road Dump Trucks

Time Required: 7 hrs

Materials/Equipment

All materials and equipment will be provided during the performance verification, unless otherwise specified by the testing center.

Study Material

All NCCER performance verifications are referenced to the NCCER curriculum listed in the content. You may order modules from Pearson (800.922.0579) or from NCCER's Online Catalog at www.nccer.org.

Development

All performance verifications have been developed and approved by subject matter experts from the respective craft.

Credentials

NCCER will send appropriate credentials to the assessment center upon successful completion of the performance verification.

Certified Plus

A Certified Plus Designation may be achieved using this performance verification.

National Registry

Assessment and performance verification results will be maintained in NCCER's National Registry and become a part of each candidate's training records. These records are stored and become a portable record of the candidate's training and assessment achievements.
