Overview
This knowledge assessment is a two-hour closed-book examination. You will be permitted to use a basic function, non-printing calculator during the examination. No extra papers, books, notes or study material are allowed in the testing area.

NCCER Curriculum
All NCCER knowledge assessments are referenced to NCCER’s Signal Person curriculum. You may order this curriculum from Pearson (800.922.0579) or from NCCER’s Online Catalog at www.nccer.org.

Assessment Development
All questions are developed and approved by subject matter experts under the direction of NCCER.

Credentials
Upon successful completion of the certification requirements, NCCER will send applicable credentials to the assessment center.

Score Report and Training Prescription
Each candidate will have access to their assessment results including their overall score and recommended training.

NCCER Registry
Knowledge assessment results are recorded in NCCER’s Registry and become a part of the portable record of an individual's NCCER credentials.

Focus Statement
The Signal Person is proficient in the performance of hand and verbal signals, including the standard methods for hand signals as required by ASME B30.2, ASME B30.3, ASME B30.5, and ASME B30.6. The Signal Person demonstrates a basic knowledge of crane operations and limitations, including crane dynamics involved in the swinging, controlling and stopping of loads, and the boom deflections from hoisting loads. The Signal Person demonstrates specific knowledge of crane operations including voice and radio communications, personal fall protection methods, emergency procedures, and hazards and restrictions with working in proximity to overhead electric lines and equipment.

Knowledge Assessment Contents:

<table>
<thead>
<tr>
<th>Domain</th>
<th>Topic Area</th>
<th>Number of Questions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Communications</td>
<td>Hand Signals/Voice Radio</td>
<td>25</td>
</tr>
<tr>
<td>Crane Operations</td>
<td>Boom angles, load radius, awareness of crane limitations, load dynamics, safety devices, traveling w/the load, working in close quarters, basic crane knowledge, spec criteria for single &amp; multi-lifts, center of gravity, personnel lifting</td>
<td>13</td>
</tr>
<tr>
<td>Safety</td>
<td>Emergency procedures, hazards working next to power lines, fall protection, equipment integrity</td>
<td>12</td>
</tr>
</tbody>
</table>

Total number of questions 50

The minimum passing score is 80.

A corresponding hands-on Practical Examination is available and required to earn a certified credential.
