

Automated Remote Proctoring

IMPORTANT: Test-Takers must use Google Chrome, Firefox or Microsoft Edge. Safari is not compatible.

How-To Guide For Test-Taker

- 1 On the NCCER home page, click **Take Module Test**.
- 2 Log in to the Testing System using your **NCCER Number** and **last name**. Select your assigned test by clicking on the test.
- 3 Click **Launch Test**, then click **Take Exam** after the Invigulus site launches.
- 4 Position your **Photo ID** in front of your web camera to take and submit a clear picture.
- 5 Read all instructions, select **Click to Start Camera**, then **Click to Share Screen**.
- 6 You will see a browser pop-up. Use the **Window** drop-down to select **Invigulus**, then click **Allow**.

- 7 On the left, click **Start Recording**. Show allowed resources to the camera, then begin test.

YOU ARE READY TO TEST!

Test-takers **MUST** remain in full view of the camera at all times!

- 8 **IMPORTANT:** When done with your test, click **END TEST** and **STOP RECORDING**.

ALL TEST-TAKERS

Before testing, show your allowed resources to the camera. Failure to do so will result in a revoked test.
