HVACR 6th Edition

About NCCER

NCCER is a not-for-profit 501(c)(3) education foundation created by the construction industry to develop standardized curriculum and assessments with portable credentials and certifications for skilled craft professionals.

NCCER's newest edition of HVACR enables learners to gain the valuable knowledge needed to join the essential field of heating, ventilating, air conditioning and refrigeration systems.

HVACR 6e updates include:

- 1 **New refrigeration content** and additional instruction on refrigeration piping in Basic Copper and Plastic Piping Practices.
- 2 **Improved instructional design** that contains hundreds of new images.
- 3 **Enhanced coverage of electrical safety** and personal protective equipment in Basic Electricity.
- 4 **Performance Tasks** that reflect the latest job requirements using today's cutting-edge equipment.
- 5 New material on **push-to-connect and press-to-connect fittings**.

To learn more, connect with your Pearson NCCER Executive Director.
