Education and Research

Session Schedule

at ACTE's CareerTech VISION Conference

Thursday, Nov. 30 | Room 128 A/B

1:00 - 1:45 PM

Crafting Success: Empowering Adult Learners Through Construction Education

Adult basic education programs play a crucial role in communities by empowering individuals with foundational skills that lead to lifelong careers. Discover how these programs use NCCER's craft training to prepare learners to start their careers in as little as six weeks.

Presenters: *Brad Kibbe, Senior Manager of Workforce Development, NCCER*
Timothy Burdette, Executive Director of Career and Technical Education, Osceola County School District

2:00 - 2:45 PM

NCCER's High School Builder Program: Construction Education Blueprint for Success

With the increasing demand for craft professionals across the U.S., now is the time to start a construction craft training program. Learn how NCCER's High School Builder Program helps programs get started more quickly, trains instructors with ease and leads to industry-recognized credentials for students.

Presenter: *Kim Espinosa, Builder Program Manager, NCCER*

3:00 - 3:45 PM

Building Brighter Futures: Improving Enrollment, Retention and Graduation Rates

For postsecondary institutions, staying competitive and ensuring student success is paramount. Join us as program experts share innovative strategies and best practices for boosting enrollment, improving student success, and increasing placement rates by meeting local industry workforce demands.

Presenters: *James Busch, Senior Manager of Workforce Development, NCCER*
Dr. Jackie Elliott, President/CEO, Central Arizona College
Sean Ray, Vice President Craft Workforce Development, Sundt Construction

Friday, Dec. 1 | Room 132 A/B

11:00 - 11:45 AM

Digital Transformation in Construction Education: Tools for Success

Digital learning can revolutionize training in the construction trades by providing self-paced, interactive and comprehensive training modules. Discover how NCCERconnect's online platform integrates with traditional hands-on learning to develop competent, career-ready professionals who meet the needs of industry partners.

Presenters: *Mark Marsden, Senior Product Marketer, Pearson*
Dave Severn, Peoria High School

Visit us at **Booth #606** to learn more.
