

NCCER Facilitated Foreman Certification Program

Now available is a comprehensive, turnkey solution designed to provide craft professionals with a solid foundation for their first role in field leadership.

NCCER's Construction Foreman Certification Program is a powerful, all-in-one training solution designed to equip current and aspiring foremen with the essential skills to lead with confidence. This online, facilitated program delivers real-world tools and proven leadership strategies that can be applied immediately on the jobsite to improve communication, productivity, safety and crew performance.

Whether stepping into leadership for the first time or sharpening supervisory skills, this program supports leadership growth while helping companies reduce risk and boost retention.

The next session begins Jan. 28th and runs bi-weekly through April 8th.

Participants complete an online course every two weeks, then join a live, instructor-led session at 2:00 PM EST (1:00 PM CST) via Zoom to review and reinforce their learning.

- **Facilitated** by NCCER Master Trainer Mike Farrar
- **Topics** include leadership, communication, productivity, quality and safety
- **\$995** per participant

To sign up your foremen now, contact

Tim Sirdevan, tsirdevan@nccer.org or call 888-622-3720 x 6987.

Meet Your Instructor

Mike Farrar has over 42 years of experience in the construction industry, working with craft, field supervision and project management teams on various commercial and industrial projects.

Before retiring in 2022, Mike managed training events and programs, including scheduling and facilitating all training, researching and preparing course curricula and supervising staff trainers. Mike is an NCCER Master Trainer, which allows him to deliver NCCER curriculum and develop our next generation of skilled craft and field leaders.
