

# Construction Employment and Payroll Spending

The U.S. Census Bureau's County Business Patterns survey tracks employment and payroll spending across employer establishments in the construction sector.<sup>1</sup> As shown in Figure 1, establishments with 10 to 249 employees employ the largest share of the construction workforce. Figure 2 shows these same groups account for the largest share of industry payroll spend accordingly.

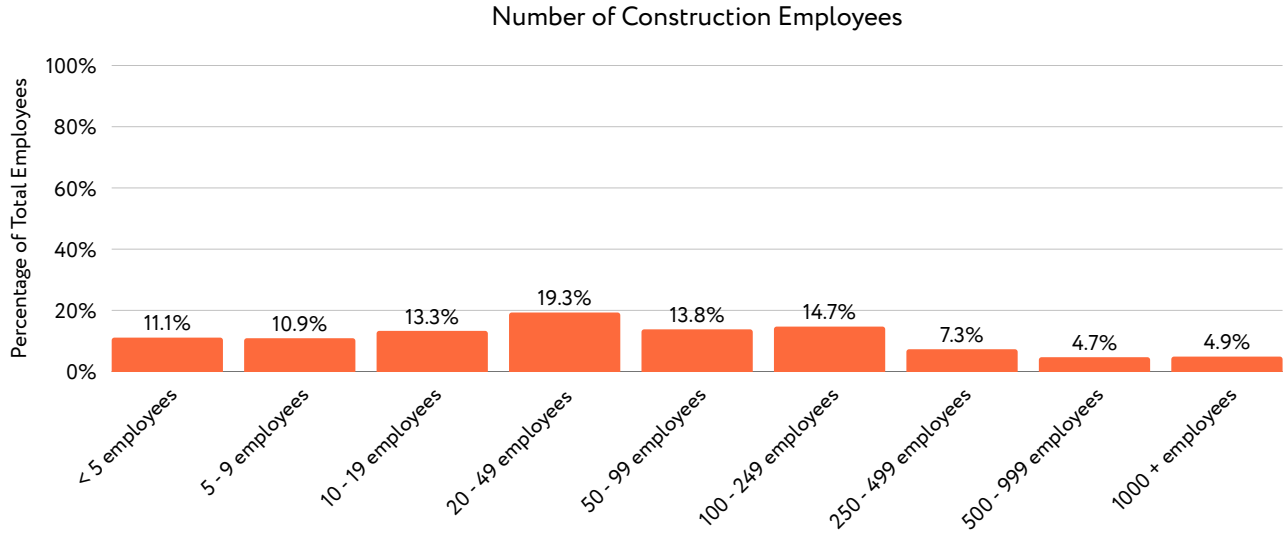

Figure 1: percent of overall construction employment by company size.

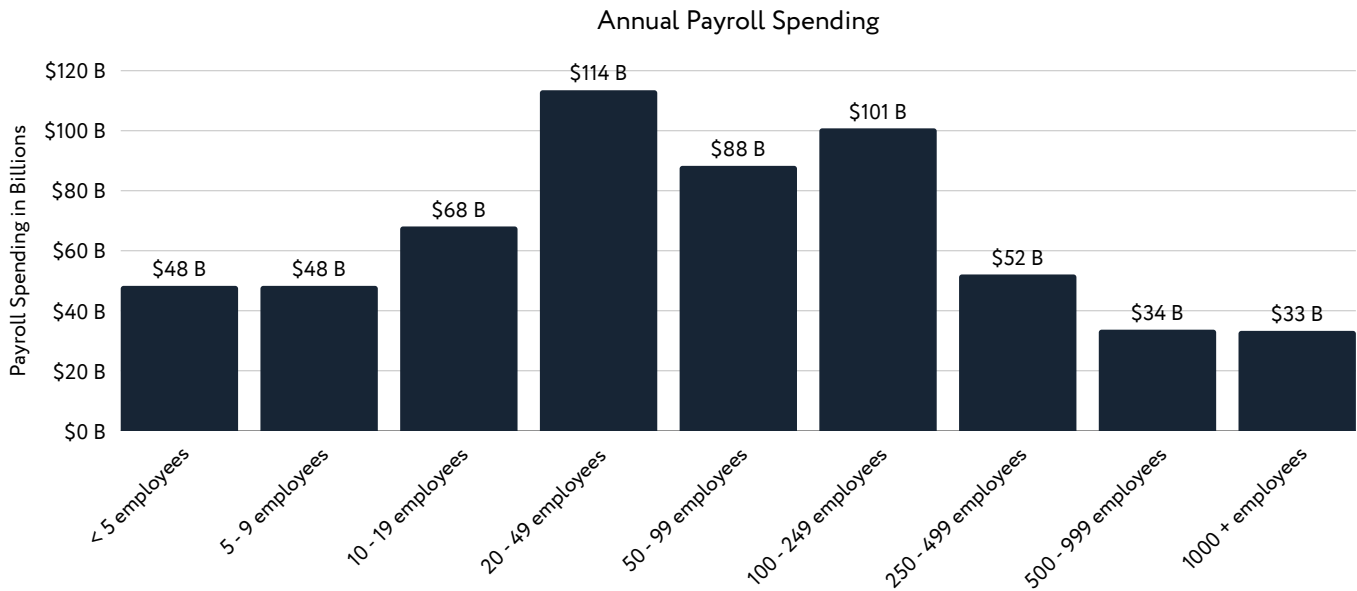

Figure 2: overall payroll spend by company size.
